Gaza Strip
Headings for geographic features within the Gaza Strip are established with the qualifier (Gaza Strip). Name headings for jursdictions within the Gaza Strip are established without qualifiers.
As a geographic subdivision, this heading is used directly. Headings for entities located within the Gaza Strip are used indirectly through Gaza Strip as geographic subdivisions.

[P151-P295]
Here are entered: 1. Works comparing and classifying the grammatical structure of genetically unrelated languages or groups of languages; 2. Works in which the principles of grammar in general are discussed, i.e. general, philosophical or universal grammar. Works which present a specific comparison of the grammars of two or more languages or groups of languages are entered under the name of the language, with the subdivision Grammar, Comparative, e.g. 1. Slavic languages--Grammar, Comparative; or, 1. Russian language--Grammar, Comparative--English. 2. English language--Grammar, Comparative--Russian; or, 1. Slavic languages--Grammar, Comparative--Germanic. 2 Germanic languages--Grammar, Comparative--Slavic.
