Faery-Faith (Wiccan sect) (*May Subd Geog*)
 Here are entered works on the Wiccan sect in which the primary myths are drawn heavily from the myths of ancient Celtic gods and goddesses, and whose primary deity is Dana, the Mother Goddess. Works on the ecstatic cult whose primary deity is the Star Goddess and whose gods are both male and female in one are entered under Feri (Wiccan sect). Works on the Dianic tradition that does not have a pantheon, and instead emphasizes the feminine in humanity, in nature, and in god, and whose members believe in energies that are correlated to the thirteen lunar months of the Celtic lunar tree calendar, are entered under Faerie Faith (Wiccan sect).

Feri (Wiccan sect) *(May Subd Geog)*

Here are entered works on the ecstatic cult whose primary deity is the Star Goddess and whose gods are both male and female in one. Works on the Wiccan sect in which the primary myths are drawn heavily from the myths of ancient Celtic gods and goddesses, and whose primary deity is Dana, the Mother Goddess, are entered under Faery-Faith (Wiccan sect). Works on the Dianic tradition that does not have a pantheon, and instead emphasizes the feminine in humanity, in nature, and in god, and whose members believe in energies that are correlated to the thirteen lunar months of the Celtic lunar tree calendar, are entered under Faerie Faith
