Immigrants (May Subd Geog)
 Here are entered works on foreign-born persons who enter a country intending to become permanent residents or citizens. Works on persons who change their place of residence from one locality to another

within the borders of a single country are entered under Internal migrants.

This heading may be locally subdivided by names of places where immigrants settle.

For works discussing emigrants from a particular place, an additional heading is assigned to designate the nationality of origin of the emigrant group and the place to which they have immigrated, e.g. Chinese--United States; Americans--Foreign countries.

Indians (*Not Subd Geog*)
[E51-E99]
 Here are entered works on the Indigenous peoples of the Western Hemisphere, including Eskimos. Works on citizens of India who are not currently residing in India are entered under East Indians.
 For convenience, the Western Hemisphere has been divided into five basic geographical regions: North America, Mexico, Central America, West Indies and South America. Works pertaining to Indian groups located within the confines of one of these regions are entered under Indians of the pertinent region, e.g. Indians of North America; Indians of Mexico.
 Names of Indian linguistic families are distinguished as such (and from the names of single languages or tribes) by the termination -an or -ian.
